## NOTICE OF DATA BREACH

Dear [REDACTED]:

Thank you for allowing Torrance Memorial Medical Center (“Torrance Memorial”) to serve your healthcare needs. We take patient privacy seriously and as part of that commitment, we are sending you this letter to make you aware of a recent potential data security incident that may have affected your personal information. Please read this letter carefully.

### **What Happened?**

On January 6, 2020, Torrance Memorial was notified that a server used by its outside radiology vendor to receive radiological images from Torrance Memorial was unsecured and potentially accessible to unauthorized people. Upon receiving this notice, Torrance Memorial took immediate steps to investigate and address the issue.

Our investigation revealed that the server, which is owned and maintained by the vendor at its office, was unsecured from June 20, 2019 until December 13, 2019 when the vendor discovered the issue and secured the server. The vendor has confirmed that subsequent scans of its systems show that the server is now secure.

Based on our investigation, we have no evidence that any of your patient images were accessed by any unauthorized persons. We discovered that this vendor stores a small volume of patient images on this server temporarily and automatically deletes them from the server every 24 hours.

### **What Information Was Involved?**

The images and information that was transmitted through the server was for the purpose of providing a professional radiologic reading of patient images. The patient image files on the unsecured server during that time include the patient name, date of birth, gender, medical record number, accession number, and referring physician (if available). The files did **not** contain social security numbers or any financial/payment information.

## **What We Are Doing**

Out of an abundance of caution, we have chosen to notify patients whose records were temporarily stored on the server between June 20, 2019 and December 13, 2019 about this incident. Torrance Memorial takes the security and protection of your personal information seriously and we are holding the vendor accountable for raising their security standards to be as stringent as Torrance Memorial's.

As an added precaution to help protect your information from potential misuse, we are offering identity theft monitoring and restoration services through First Watch ID for a period of 12 months at no cost to you. The identity restoration services are automatically available to you with no enrollment required, but the identity monitoring services do require enrollment. For enrollment instructions and further information about these services, including your personal Verification Code that you will use to enroll, please refer to enclosed documentation.

## **What You Can Do**

We recommend that you remain vigilant by reviewing and monitoring your account statements and credit reports. You also may file a report with law enforcement, your state attorney general, and/or the Federal Trade Commission. In addition, please refer to the enclosed documentation which contains additional steps you may take to protect your information from misuse, including some information that may be specific to your state of residence.

## **For More Information**

We are very sorry for any concern or inconvenience this incident has caused or may cause you. If you have any other questions or concerns that you would like to discuss, please call our dedicated, toll-free incident response hotline at 877-730-4562.

Sincerely,

A handwritten signature in cursive script that reads "Mary Goodloe".

## Additional Steps to Help Protect Your Information

**Review personal account statements and credit reports.** We recommend that you remain vigilant by reviewing personal account statements and monitoring credit reports to detect any errors or unauthorized activity. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to [www.annualcreditreport.com](http://www.annualcreditreport.com) or call (877) 322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months. If you discover any suspicious items, you should report any incorrect information on your report to the credit reporting agency. The names and contact information for the credit reporting agencies are:

**Equifax**  
1-866-766-0008  
P.O. Box 105069  
Atlanta, GA 30348  
[www.equifax.com](http://www.equifax.com)

**Experian**  
1-888-397-3742  
P.O. Box 9554  
Allen, TX 75013  
[www.experian.com](http://www.experian.com)

**TransUnion**  
1-800-680-7289  
P.O. Box 2000  
Chester, PA 19022  
[www.transunion.com](http://www.transunion.com)

**Report suspected fraud.** You have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You should report suspected incidents of identity theft to local law enforcement, your state's Attorney General, and/or the Federal Trade Commission.

**Place Fraud Alerts.** A fraud alert tells businesses that check your credit that they should check with you before opening a new account. Starting September 21, 2018, when you place a fraud alert, it will last one year, instead of 90 days. Fraud alerts will still be free and identity theft victims can still get an extended fraud alert for seven years. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. To place a security freeze, contact the nationwide credit reporting agencies by phone or online. For more information, visit <https://www.consumer.ftc.gov/articles/0275-place-fraud-alert>.

**Place a Security Freeze.** Security freezes, also known as credit freezes, restrict access to your credit file, making it harder for identity thieves to open new accounts in your name. Starting September 21, 2018, you can freeze and unfreeze your credit file for free. You also can get a free freeze for your children who are under 16. And if you are someone's guardian, conservator or have a valid power of attorney, you can get a free freeze for that person, too. To place a security freeze, contact the nationwide credit reporting agencies by phone or online. If you request a freeze online or by phone, the agency must place the freeze within one business day. If you request a lift of the freeze, the agency must lift it within one hour. If you make your request by mail, the agency must place or lift the freeze within three business days after it gets your request. You also can lift the freeze temporarily without a fee. Also, do not confuse freezes with locks. They work in a similar way, but locks may have monthly fees. If you want a free freeze guaranteed by federal law, then opt for a freeze, not a lock. For more information, visit <https://www.consumer.ftc.gov/articles/0497-credit-freeze-faqs>.

**Change Online Account Credentials.** If the information involved in this incident included credentials used to access any of your online accounts, such as a username, password, PIN, or answer security question, you should promptly change your username, password, PIN, security question and answer, or other access credentials and take other appropriate steps to protect all online accounts for which you use the same credentials.

**Know Your Rights Under the Fair Credit Reporting Act.** The federal Fair Credit Reporting Act (FCRA) promotes the accuracy, fairness, and privacy of information in the files of consumer reporting agencies. You have certain rights under the FCRA, which you can read about by visiting <https://www.consumer.ftc.gov/articles/pdf-0096-fair-credit-reporting-act.pdf> and <https://www.consumer.ftc.gov/articles/0070-credit-and-your-consumer-rights>. These rights include: (1) You must be told if information in your file has been used against you; (2) You have the right to know what is in your file (you “file disclosure”); (3) You have the right to ask for a credit score; (4) You have the right to dispute incomplete or inaccurate information; (5) Consumer reporting agencies must correct or delete inaccurate, incomplete, or unverifiable information; (6) Consumer reporting agencies may not report outdated negative information; (7) Access to your file is limited to people with a valid need; (8) You must give your consent for reports to be provided to employers; (9) You may limit “prescreened” offers of credit and insurance you get based on information in your credit report; (10) You may seek damages from violators; and (11) identity theft victims and active duty military personnel have additional rights. For more information, visit [www.ftc.gov/credit](http://www.ftc.gov/credit). States may enforce the FCRA, and many states have their own consumer reporting laws. In some cases, you may have more rights under state law. For more information, contact your state or local consumer protection agency or your state Attorney General.
